

Join Our Team of SURVIVORS

The Dragon Dream Team is Ohio's first all breast cancer survivor dragon boat team. Inspired by the power of the paddle, our mission is to support and care for each other, increase self-esteem and promote physical and emotional wellness through the sport of dragon boating.

Our members are women of all ages and backgrounds — from newly diagnosed to long-time survivors. When this team was created in 2007, we joined the more than 200 such groups and thousands of survivors around the world who have discovered that a 20-paddler pink dragon boat and the camaraderie of sister survivors could be the key to finding wellness and an active life after breast cancer.

What we do

From May through October, we practice three days a week at Craftsmen Park on Rex Lake in the heart of Portage Lakes. In addition to hosting the annual Dragons on the Lake Dragon Boat Festival at Portage Lakes State Park, our team also competes against other Breast Cancer Survivor (BCS) teams in several races each year.

We welcome all those living with breast cancer to join us! To find out more, scan the code, visit dragondreamteam.org or email us at info@dragondreamteam.org.
